## Denali Hotel Properties are Open for the Season!

**Anchorage, Alaska** – The visitor season has kicked off at Denali! The Grande Denali Lodge, Denali Bluffs Hotel and RiverView at the Bluffs are all open and welcoming for guests!

Since Old Harbor Native Corporation has owned the properties there have been consistent investments in the infrastructure, including the addition of 64 premium RiverView rooms, new exterior decks, addition of an outdoor pavilion, and re-furnishing the rooms.

“The Grande Denali Lodge and Denali Bluffs Hotel are gems. We are proud to offer first class hospitality and top-notch service in this superior location just minutes from the Denali National Park and Preserve Visitors Center,” said Joe Merrill, Vice President of Tourism for Old Harbor Native Corporation. The main project this year has been renovation of the exterior of the Denali Bluffs Hotel Hillside buildings and main lodge. “The new exterior matches our environment nicely and is consistent with the RiverView at the Bluffs and the Grande Denali Lodge.”

The properties feature magnificent views of the surrounding areas from their natural settings on the slopes of Sugarloaf Mountain and offer special discount offers to members of the military, Alaska residents, members of AARP and AAA throughout the season.
